

January-February 2023

Here's to a prosperous 2023! Before we jump into the new year, let's look back at the most successful moments from last year and see what we achieved as a community.

[The PG&E TAP Learning Management System \(LMS\)](#) officially launched in March 2022. Along with the LMS, the **Community** platform went live to help our learners start networking and engaging with other small and diverse business owners.

Another big highlight was seeing the fruits of the close collaboration and teamwork with our industry-expert course instructors—six new courses on **Crisis Communications**, **Environmental Sustainability**, and **Corporate Supply Chains**.

Our community is growing because of the support from our community based organizations and learners like you. On behalf of PG&E, we want to thank our learners for being such an integral part of our growth in 2022. We hope you continue to take advantage of this tool and share this resource with your network.

Haven't taken a class yet? Start today and join our growing number of learners! [Sign up for a new course today!](#)

We wish you a Happy New Year and look forward to connecting with you on the PG&E TAP LMS platform.

From Our Team

“Keeping abreast of important business trends is vital as businesses strive to grow. The TAP LMS platform offers just that—a way for businesses to understand what’s important to their customers.”

Jerilyn Gleaves

Senior Manager, Supply Chain Responsibility PG&E
